

1-2-1

Mentoring with Claire Riley

1-2-1 mentoring is an incredibly valuable tool to help you grow your business. It's a chance to have someone else get eyes on your business and discuss strategy with someone who's been there and done it.

In each session we look at what your current challenges are and explore ways to overcome them. We look at all areas – it's not just about how you are running and

managing your business, it's about how you are running and managing your life! Everything comes from you in your business so it's about upgrading you to upgrade your business.

This isn't a course with an agenda, this is about what you and your business needs throughout the programme. Bring your aims, your problems, and your goals.

You'll leave each session with a list of actions, maybe learning recommendations, and a renewed passion to chase after what you deserve.

“ Due to Claire's coaching, I have been able to take important steps ensuring that my business is sustainable long-term and contact specialists for further support. “ I've learned so much about business in the 2 months that Claire's been mentoring me!

She helped me to understand what is holding me back in business (for example money blocks that I didn't even know I had) and has given me specific actions that will help drive my business forward. She holds me accountable and checks in on how I'm getting on in between calls. I honestly can't thank her enough!

Teacher Stress to Business Success

“ Claire is an amazing business mentor, I couldn't have asked for a better person to take me through this journey. I lacked confidence in myself and what I am capable of so was hesitant that my business would be success.

Claire has helped me believe in myself and see that anything is possible. Claire has completely changed my life, not just in business but in my personal life too. The change in mindset and focus means I'm a much more confident and positive person. I have been working with Claire for less than 3 months and I have achieved so much more than I ever thought was possible.

If you want your business and yourself to grow in ways you never even imagined they could then Claire is the person you need in your life.

“ When you've built a small business on your own, it's a bit daunting talking to someone else about moving it forward, but Claire has not only put me at ease but enabled me to really reflect and plan for the future. In just two sessions, I find myself really motivated and driven with clear actions to work on. I'm really excited about the journey we're on and feel confident in the targets we've set.
